16:00-16:30	Coffee break
<b>16:30-18:00</b>	Group talks and discussions (10+5)
Ab 18:15	Dinner and free time (together)

### Wednesday 17.11:

08:15-09:00	Breakfast
09:00-13:00	Workshop: Communication training, given by Mrs. <b>Marie-Theres Braun</b>
Ab 13:15	Lunch and departure

### **Group talks and discussions (10+5)**

Give a short presentation about your current research, focusing on one or two projects of interest and/or future plans and potential collaborations. Short introduction (1-2 slides) about the project and how current projects/future plans fit in the SFB-TRR framework. Focus can be more skewed toward either current work or future directions.

**Idea:** get to discuss current directions of interest with the others and see what could be of common interest to potentially form collaborations for the third funding period.

The time schedule for Tuesday afternoon is still flexible. There will probably be more room than 5 minutes for discussion, since we are 9 participants and have a total of 4 hours available (30 min break excluded, see above).

### **Workshop: Communication Training**

We invited a communication scientist giving us training on professional communication as a soft skill for our interdisciplinary group. If you have any wishes or interests in this workshop, feel free to write it down below and we will communicate it to the trainer.
