Project Presentations and Discussions (10+5)

Please prepare a short presentation about your current research, focusing on one or two projects of interest and/or future plans and potential collaborations. Short introduction (1-2 slides) about the project and how current projects/future plans fit in the SFB-TRR 161 framework. *Focus can be more skewed toward either current work or future directions. Is there anything you need help with? Do you have a question that might be interesting for all? This is the time to go for it!* Discuss the current directions of interest with the others and see what could be of common interest to potentially form collaborations for the third funding period.

Doctoral Retreat Agenda

30.06. - 01.07.2022 at Villa Prym, Konstanz

Given that we have 14 participants and have a total of 4 hours, so please stick to 10 minutes for presentation and 5 minutes for Q&A.

Workshop: Career Planning

We invited **Mr. Matthias Merkelbach**, an expert in career strategy and team communication, will train us on professional career planning as a soft skill. He has trained over 1000 PhD students / Postdocs in the past ten years. If you have any special wishes or questions about this workshop, feel free to let us know, and we will communicate them to the Mr. Matthias Merkelbach.

Social Event (Scheduled boat tour)

We plan for a scheduled boat round-tour. The Möwe is a scheduled ship that lands at four peers in the bay area. It has several options to get on land again. In case of bad weather, we will skip this event. To get more information visit <https://www.moewe-konstanz.de/fahrpl%C3%A4ne/>.

Contact Information

Should you have further questions or thoughts, please feel free to contact **Yao Wang** (yao.wang@vis.uni-stuttgart.de) or **Frederik Dennig** (frederik.dennig@uni-konstanz.de) directly.
