Address: Panoramastraße 30, 88147 Achberg, Germany

E-Mail: info@humboldt-haus.de

Phone: +49 (0)8380-335

Check-in: 15:00 Uhr / 3:00 PM

Check-out: 10:00 Uhr / 10:00 AM

Project presentations and discussions (10 to 15 min)

Please prepare a short presentation about your current research. The presentation doesn't have to be extensive. It should just give an overview of your research and cover some or all of the following topics:

- What is your PhD project about?
- Past and current projects/papers you worked on or are currently working on
- Future projects you plan
- Potential cooperation with other groups of the SFB
- Is there any potential overlap with other groups in the SFB?

We may also have a discussion of your experiences and lessons learned during your PhD. As we are at different stages in our PhDs, we hope to gain a valuable exchange.

So please also think about and come up with a few concrete examples of your PhD or, if you are in an early phase of your PhD, also of your Master studies:

- How did you structure your PhD project?
- What plans during your PhD did work out as you anticipated?
- What plans did not work out? Is there a particular reason they did not work out?
- How do you come up with new ideas for future publications?
- Did you have a stay abroad?
 - How did you organize that?
 - How did you get in contact with the university abroad?
 - How did the SFB finance/support in your research stay

Apart from the presentations there will be social activities during which you can have in-depth discussions with each other about possible cooperations.
